## ABOUT THE CENTER

One of the most important decisions you will make involves your healthcare. Cypress Creek Outpatient Surgical Center is committed to making your same day surgery experience comfortable, convenient, and most of all, safe. We are devoted to providing excellence through medical expertise, leading-edge technology, and dedication to superior patient satisfaction.

By offering the most advanced technology and the latest minimally invasive surgical techniques, patients face less pain, less risk, and less recuperative time. Therefore, the patients can go home on the same day as their procedure.

**New and Innovative Surgical Procedures**

Furthermore, we combine advanced technology with individualized care. Our commitment is to provide an environment whose purpose is to offer the highest quality, cost-effective healthcare available which meets and exceeds the expectations of patients and medical providers alike.

The Cypress Creek Outpatient Surgical Center adheres to high standards of quality and safety.

## General Instructions

After your doctors have scheduled your procedure, a member of our staff will call you to obtain the necessary insurance information and to discuss financial information. One of our nursing staff will obtain your medical history and give preoperative instructions. This may include what to eat or drink, medications to take and arrival time.

## The Day Before Your Procedure

Please call your doctor if you notice a change in your health such as a cough, cold, urinary tract infection, etc. It may be necessary to reschedule your procedure.

Make arrangements to have someone accompany you so they can drive you home after the procedure. You may receive some form of sedation or anesthesia during your procedure. Even though you will be alert and comfortable prior to discharge we can not permit you to drive yourself.

- **DO NOT EAT OR DRINK ANYTHING AFTER MIDNIGHT**
- **IF YOU ARE DIABETIC DO NOT TAKE INSULIN THE DAY OF YOUR SURGERY**

## The Day of Your Procedure

Wear comfortable loose fitting clothing for changing purposes. Please leave all jewelry and valuables at home. Bring cases for your glasses, contact lenses or hearing aids. Please remove any finger nail polish.

It is very important to be punctual. Plan to arrive 30 minutes before your scheduled procedure. Report to the receptionist to obtain and fill out the necessary paperwork before being escorted to the preoperative area.

## After Your Procedure

Following your procedure you will be taken to the recovery area where you will be closely monitored by an anesthesiologist and our recovery room nurses until you are ready to go home. Most patient can leave one to two hours after their procedure. Your doctor will provide instructions on diet, medications, rest and post-operative visits. A written summary will be given to you prior to going home.

## Financial Information

The Cypress Creek Outpatient Surgical Center provides cost effective care. Our facility fees include all routine supplies, equipment and nursing services required for your procedure. Your physician may request special items, such as braces, implants or x-rays, for which you may be charged. Your surgeon and anesthesiologist will bill your insurance and/or you for their services. The Center participates in various insurance plans.

- Please bring a current Health insurance identification card and one form of photo ID the day of your procedure.

We will call you prior to the day of surgery to verify insurance information. Full payment for any applicable deductible or co-pay is required at admission. For your convenience, American Express, Discover, VISA, MasterCard credit cards and personal checks are accepted.

Before surgery please make sure to visit One Medical Passport and complete your questionnaire online for Pre Admission. Thank you.
